

My manifesto - A poem by Jake Kitchiner

My name is Jake and I'm running for block
I did it last minute so I'm writing to beat the clock

I decided I fancied having a go

As I felt to NUS I still had more to show

I like the idea of NUS being like Robin Hood

Sharing the wealth and doing good

Cause we can get more from the rich guys at the top

Without the excuses of a market flop

They have money for greater good

So let's get NUS fighting for it as we should

NUS should also be fun

And block should ensure it is well run

As president I organised stuff once upon a time

With occasional ingenious thinking like writing in rhyme

First housing fair, student campaigners an community rep scheme

strategy planning, organising rally's and leading my team

I deliver and change

and with a cross section of students I effectively engage

I would be really good because I really care

And I give good hugs like a warm Yogi bear

So please vote for me number 1, 2, 3 or even 4

Then I can give NUS even more

I'm sure all candidates would be great

So who you vote for ill let you debate.

Contact me it's totally free, and ask any question you like of me!
