

Vote Matt Stanley

"Matt will lead campaigns against all discrimination - Vote Matt #1 to put Liberation at the heart of NUS"
Vicki Baars, NUS LGBT Officer

#1 for the Block of 15

"Vote Matt to ensure NUS runs active campaigns against racism, fascism and Islamophobia"
Kanja Sesay, NUS Black Students' Officer

Fight against fees & cuts

Increased tuition fees and savage cuts are just part of the Tories' plans to demolish further and higher education. Attempts to make students, public sector workers and ordinary people pay for a crisis caused by the banks should be fiercely opposed. NUS needs to be at the centre of the alliance needed to defeat the government's policies of cuts and privatisation.

- Elect me and I will —**
- push NUS to call a first term national demo alongside Trade Unions against the Tories' cuts and austerity agenda
 - support UK Uncut, Occupy and anti-cuts campaigners in fighting all fees and cuts
 - make the case for investment not cuts to fund free further and higher education

"Matt has a really strong record of campaigning for international peace and justice"
Fiona Edwards, Student CND Convenor

Diversity not discrimination

Black students, women, LGBT and disabled communities are at the sharp end of the Tories' austerity agenda. Strong, autonomous Liberation campaigns within NUS and in local students' unions are key to challenging bigotry on campuses and in wider society. Our national union must celebrate and defend multiculturalism: David Cameron, you will not divide us - we are one society, many cultures!

- Elect me and I will —**
- actively campaign against racism, sexism, homophobia, transphobia, disability discrimination and all forms of bigotry
 - work with UAF to mobilise students against fascism: at the ballot box, and in our unions - support LMHR and LMHH
 - campaign for NUS to reinstate the Anti-Racism, Anti-Fascism conference

"Matt is an excellent candidate for NUS NEC. His dedication & commitment to the student movement has been apparent since his arrival at Mid Kent College"
James Phillips, MidKent College President

No to war and climate chaos

Thousands of young people have been at the heart of campaigns against wars, occupation and climate change. I believe NUS should support and involve these activists in the national union and become a force for international peace and justice. Our national union should demand the government funds education not war and takes real action on combating climate change.

- Elect me and I will —**
- work with Stop the War to campaign against new wars and military intervention
 - oppose the illegal and immoral siege on Gaza - freedom for Palestine
 - campaign for a Green New Deal and against climate chaos across the globe
 - join with CND in calling for an end to nuclear weapons - scrap Trident now
 - support the NUS Black Students' Campaign in calling for the cancellation of Africa's "debt"

"I support Matt and am confident he will ensure NUS actively campaigns on key environmental issues like climate change"
Caroline Lucas MP

My experience:

- Activist in Unite Against Fascism, Stop the War, Palestine Solidarity Campaign & the Campaign Against Climate Change
- Anti-fees, anti-cuts activist since 2007, campaigning alongside Trade Unionists
- MidKent College People & Planet founder
