So who is this 'Charley' person?

- I've been an activist for years on a number of issues.
- Shortlisted for Campaign and Campaigner of the year at NUS LGBT awards
- Put forward policy on Student carers, Volunteering, supporting first time delegates at conference and other issues
- Likes: reading, Formula 1, music and Tetris (like you couldn't guess)
- Dislikes: Spiders, The Daily Mail, Sweetcorn and Spiders.

- Co-ordinator Queer Youth Network London & South East
- Chair, Greenwich Young Peoples' Council
- Law Course Rep, Staffordshire University
- LGBT Officer, Staffordshire University
- Equal Opps Officer, Staffordshire University
- Communities Liasion, The Pink Singers
- Campus Rep, Lambeth College

Why should I vote for you?

- Most important reason? **Because I care** and I stop at nothing to help people in any way I can.
- Because I don't give up.** I have never stopped fighting for the things I believe in.

But what do you actually want to DO?

- Student carers:** I want to work to produce guidelines to protect and support students with caring responsibilities. e.g encouraging the provision of temporary childcare for students who have to sit exams and an outward looking campaign to fight for carers to have the right to request respite care during exam periods.
- Student Workers:** Some students do not have a choice but to work while they study. Colleges and Universities need to understand that if many of us don't work then we can't afford to study we need help and protection to do both.
- Part-time and Mature FE students:** Many of us don't qualify for bursaries or other support all costs should be explained up front and help offered to those who can't afford them regardless of the hours they study.
- Commitment to fighting for free education:** I'm not saying we'll get there soon, I'm not saying it's realistic now, those are different arguments. I believe everyone has the right to access education and money is a massive barrier to that so I'll fight for free education because if students can't be idealists then I'm not sure anyone can.
